

STAMP AROUND

A comprehensive list of
France and colonies stamps
E-MAIL: stamps@stamparound.com

Bonjour,

This is our very latest France and colonies list, dated "03AUG25". Here you can buy stamps of France and colonies from 50% of Scott 2025 Catalog value. That's up to a 50% discount from Scott's retail prices. The right hand column shows the latest Scott Catalog value. You pay from 50% of this amount.

You will need the Scott catalogs to get the number of each stamp that you need to complete your collection. The cost of the catalogs is very high at about \$900 per set of 6 with 2 parts each. So, we suggest you go to your local library, local stamp club or stamp store to get the numbers you need to order here. You can also buy older editions at much reduced prices online, although the catalog values will not necessarily be the same.

Don't expect all the classics to be in perfect condition like modern stamps. Hinging was the normal procedure for the majority of collectors prior to about 1960. Anything prior to 1960 that is MNH is usually from a Dealer's stockbook or from a collector's glassines that were never put into an album, or regummed. Our advice is to collect hinged stamps 1950's and earlier. If you are lucky and come across MNH then replace the hinged ones you have.

Many 100 year old classic stamps are without gum, have tattered perforations and are not centered. This is normal for many classics. We try to be as accurate as we can on our classic stamp descriptions. For example if there is no gum, it will say "ng" (see list of abbreviations, page 1).

Preferred payment is by Credit Card with a \$25 minimum. All orders are shipped by Registered mail for \$7.95 per order to EU, UK, USA and other countries. Includes Insurance, Delivery Confirmation and Tracking. We guarantee delivery or your money back.

WE USE UKRAINE STAMPS ON ALL SHIPPED ORDERS (no meter labels). All stamps on the envelopes are hand-cancelled.

Guarantee: If for any acceptable reason, you are not completely satisfied with an item, please contact us first and we will decide if you may return it to our address in its original condition and in its original glassine or wrapper for a full refund or credit against any future order.

Merci Beaucoup,

CENTERING

xf = extra fine. The design is perfectly centered.
 vf = very fine. Well-centered, but not quite perfect.
 f-vf = fine to very fine.
 Between f and vf.
 f = fine. Off-center, perfsdo not cut the design.
 avg = average. Perfs cut into the design on 1 side.

All 20th century stamps listed are f-vf, unless otherwise noted. Expect average stamps from the 19th century where perfect stamps are rare, if not impossible, to come by. Would you expect a 100 year-old book or newspaper to be in perfect condition?
